

acm 08HA150

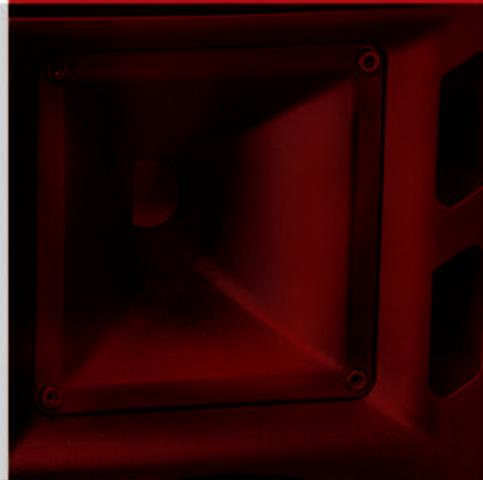

General Description and Applications:

The  acmaudio 08HA150 features a molded polypropylene enclosure that is inherently weather resistant.

ACM audio used advanced program techniques to create the most successful and influential professional speaker system. High power, efficiency, lower distortion and great low frequency extension provide an unbelievable performance.

08HA150 can be used for live sound reinforcement, vocals, speech and music playback in entertainment, schools, pub, coffee shop and outdoor venues. Portability is one of the important factors for choice especially.

For permanent suspension or attaching brackets, the 08HA150 also has two M6 inserts on the top and bottom, two on the side, for a total of 5.
